This constitutes the initial GEA-All rate for implementation.

Further, 4 of the 6 Collection Agents with delayed implementation have formally sought the Honorable Commission's guidance, as reflected in their respective letters submitted to TransCo.

Detailed report is attached as **Annex "B"** for ready reference.

3. GEA-All Fund Management Information System (GEA-FMIS)

As part of the automation initiative for GEA-All Fund processes, TransCo has commenced the procurement of the GEA-FMIS. A kick-off meeting between TransCo and the System Developer was conducted on January 29, 2026.

The initial phase, which will support report and billing submissions by GEA-All Fund stakeholders, is targeted for deployment in the Second Quarter of CY 2026.
